54 **Bend'n peel child-resistant/tamper evident blister package.**

57 A blister package has some provision for showing evidence of tampering and is child resistant. It is reinforced by a backing sheet (14) made of a material which separates into strata on tearing and adhered to a rupturable film (12) closing article containing pockets. The backing sheet is provided with tabbed tear strips (24) overlying the pockets. On tearing the tear strips separate into strata indicating that opening has been started.
