I-20122 Milan(IT)(54) **Massaging shower with rotary head.**

(57) A massaging shower with a rotary head, consisting of a fixed component (1) and a rotary component (6) which rotates within said fixed component by the reaction effect generated by the flow of water through duct structures (9) and holes (7) provided in the rotary component. Said shower provides deep cleaning of the skin and enables a hydromassage to be obtained with a relaxing and blood circulation enhancing effect.
