㉓ Package containing a reel of sheet material.

㉔ A package containing a reel (1) of sheet material comprising a pallet (8), a reel of sheet material with its axis substantially vertical and the lower end of which rests on said pallet and the diameter of which is less than the minimum transverse dimension across the pallet, a top cover (14) made from honeycomb board having a plan form substantially the same as the pallet and located on the upper end of the reel, and a number of straps (16) extending between said pallet and the top cover to hold the pallet and the cover firmly in place against the ends of the reel.
