- Polyepoxide modified adducts or reactants and oleaginous compositions.
- 57 A compound useful as a dispersant additive in oleaginous compositions selected from fuels and lubricating oils comprising the reaction products of:
- (i) at least one intermediate adduct comprised of the reaction products of
 - (a) at least one polyepoxide, and
- (b) at least one member selected from the group consisting of polyamines, polyols, and amino alcohols; and
- (ii) at least one of (a) hydrocarbyl substituted C₄ - C₁₀ dicarboxylic acid producing material or (b) an aldehyde and a hydrocarbyl substituted hydroxy aromatic compound. Also included is a process for preparing said compound and an oleaginous composition containing said compound.

	CLAIMS INCURRING FEES					
	1					
The	preser	nt European patent application comprised at the time of filing more than ten claims.				
İ		All claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for all claims.				
		Only part of the claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid,				
		namely claims:				
		No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.				
	.,					
x	L/	ACK OF UNITY OF INVENTION				
The Search Division considers that the present European patent application does not comply with the requirement of unity of						
		and relates to several inventions or groups of inventions,				
nam	tely:					
	1.	Claims 1-21.				
	2.	Claims 22-28.				
		·				
	X	All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.				
		Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid,				
		namely claims:				
		None of the further search fees has been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims.				
		namely claims:
