54 **Washing machine with a washing agent dispenser.**

57 Clothes washing machine provided with a drawer having a plurality of compartments for detergents and additives. The selective water supply to the compartments of the drawer is performed by means of a horizontal plate provided with inner pipes (8, 8') and holes (10,12) on its lower surface. The position and diameter of the holes are so arranged as to ensure a correct water supply regardless of the pressure of the water mains.
