INCOMPLETE SEARCH			
The Search Division considers that the present European patent application does not comply with the provisions of the European Patent Convention to such an extent that it is not possible to carry out a meaningful search into the state of the art on the basis of some of the claims.			
Claims searched completely: 2-14			
Claims searched incompletely: 1			
Claims not searched: 1			
Reason for the limitation of the search: Claims 2-14: according to examples 5-8. Claim 1: We can't make a direct link between the physical property claimed in the first claim and the liquid detergent composition described in the present application. The link is not obvious neither from the litterature nor the description.
