A straight bar knitting machine.

A straight bar knitting machine including a slurbar (21) reciprocally mounted in a frame of the machine and carrying a slurcock for each knitting section, an electronically controllable drive motor (30) mounted on the frame, the drive motor being drivingly connected to the slurbar (21) to cause reciprocal motion thereof, and control means operable on said motor for controlling the speed, direction and stroke displacement of the slurbar (21) for each knitting cycle of the machine.
