Patentanwälte Berendt, Leyh & Hering Innere
Wiener Strasse 20
W-8000 München 80(DE)

(54) **Package.**

(57) A package (1) comprising a moisture-impermeable sheet material (2) and a moisture-impermeable package film (3) sealedly bonded onto said sheet material. The package has first spaces (5) to respectively contain articles (4) to be packed, second spaces (7) to respectively contain drying agents (6), and communicating spaces (8) having a small area in its cross-section and respectively communicating the first spaces (5) and the second spaces (7), between the sheet material (2) and the package film (3). The articles (4) to be packed and the drying agents (6) are respectively contained in the first spaces (5) and the second spaces (7), being held without contacting each other interposing the respective communicating spaces (8).
