I-10121 Torino(IT)(54) **Public lavatory with a self-supporting structure.**

(57) A lavatory (10) comprising at least one user compartment (14) housing at least one fixture (21, 53). The self-supporting structure comprises a base (11), a roof (13) and a series of walls (12) connected between the base (11) and the roof (13). The structure also comprises a frame (23) consisting of pillars (24) and cross members (25) connected together and consisting of hollow metal sections (26). At least one of the walls (12) consists of a panel (28), each edge (29) of which is fitted to another metal section (30, 39) by means of screws (37). The metal section (30) is in turn welded to the pillars (24) and cross members (25) of the frame (23). The upper cross members (25) of the frame (23) present hooks (27) for transferring the lavatory (10) from one site to another if necessary.
