I-20123 Milano (IT)(54) **Ski Boot.**

(57) A ski boot of the type including a shell (502) which is provided with two flaps (504,503), having at least one closure flap (506) surrounding the flaps (503,504). The closure flap has a first side which is associated with the shell and a second side which interacts with a lever (527) and with a ratchet-pawl assembly connected to the shell. The ski boot allows to achieve optimum securing of the foot while maintaining an aesthetically clean profile for the boot.
