(54) **Luminaire with blown-glass diffuser**

(57) A luminaire comprising a backing element (2) for supporting a lighting fixture (7) with which a blown-glass diffuser (5;102) is temporarily associable, the luminaire further comprising at least one first decorative element (11;104) which is detachably associable at at least one seat (13;107) formed perimetrically to the blown-glass diffuser. The luminaire optionally comprises a second decorative element (110) which is detachably associable by snap action with the first decorative element (11;104) or with the blow-glass diffuser (5;102).
