(54) **PACKAGE, METHOD AND EQUIPEMENT FOR PACKAGING A PASTY FOOD PRODUCT**

(57) A pack (10) intended for a food product of paste consistency, typically processed cheese, comprises a wrapper erected from a blank (14) of essentially square outline (18) folded in such a way as to create a bottom (16) from which the sides (20, 22, 24) of the pack extend at right angles, and a lid consisting in a set of flaps (26, 28, 30) which extend from the sides (20, 22, 24) and are

folded parallel to the bottom (16). The blank (14) presents a substantially quadrangular outline and is folded in such a manner that the bottom (16) will appear triangular, or as a sector to a circle, whilst the top flaps (26, 28, 30) are of dimensions sufficient in combination to conceal the entire upwardly directed surface presented by the portion of the packaged product, so that there is no need for a separate top.

### CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- ☐ Only part of the claims have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid, namely claim(s):
- ☐ No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

### LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

see sheet B

- ☐ All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- ☒ As all searchable claims could be searched without effort justifying an additional fee, the Search Division did not invite payment of any additional fee.
- ☐ Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:
- ☐ None of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:

Office

LACK OF UNITY OF INVENTION  
SHEET B

Application Number  
EP 00 83 0475

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

1. Claims: 1-11,17-20;24-35,41-44;48,49

Pack comprising a wrapper fashioned from a blank whereby the blank presents a quadrangular outline and whereby the top flaps of the blank are of dimensions sufficient in combination to conceal the entire upwardly directed surface presented by the portion of packaged product.

2. Claims: 1,12-20;36-44;48,50

Pack comprising a wrapper fashioned from a blank whereby the pack comprises means associated with the wrapper to tear open the wrapper consisting in at least one linear tear element furnished with a lift and pull portion located to coincide with a tab afforded by the wrapper.

3. Claims: 1,21-23;45-47

Pack comprising a wrapper fashioned from a blank whereby the pack comprises tearing means associated with the wrapper including a first and a second branch converging on a point of conjunction located at a vertex of the panel coinciding with the bottom of the pack.

**ANNEX TO THE EUROPEAN SEARCH REPORT  
ON EUROPEAN PATENT APPLICATION NO.**

EP 00 83 0475

This annex lists the patent family members relating to the patent documents cited in the above-mentioned European search report.  
The members are as contained in the European Patent Office EDP file on  
The European Patent Office is in no way liable for these particulars which are merely given for the purpose of information.
