(54) **A product dispensing system configured to show an electronic slide show**

(57) A product dispenser 30, typically for fuel, includes a visual display 40 connected to a computer 19 within a fuel station building 20. The computer 19 is programmed to transmit for viewing on the display 40 a slide show which may incorporate advertising material, an-

nouncements or other useful information that customers fuelling their vehicles may want to know. The computer 18 may download images from a central remote location 14 so that all fuel stations of a particular company are showing the same images.
