(54) A system and method for storing and deploying a soft shelter for protection against NBC warfare

(57) The invention provides a system for storing and deploying a soft shelter for protection against NBC warfare, including a two-part cabinet having a storing part (6) and a door part (8), a soft shelter (12) made of a foldable skin defining a protected space upon being unfolded, the skin being attached at one end to the storing part or indirectly to the door part, wherein upon the opening or displacement of the door part, the foldable skin is expandable to form the protected space. A method for storing and immediate deployment of an NBC protection system is also provided.

CATEGORY OF CITED DOCUMENTS

X : particularly relevant if taken alone
Y : particularly relevant if combined with another document of the same category
A : technological background
O : non-written disclosure
P : intermediate document

T : theory or principle underlying the invention
E : earlier patent document, but published on, or after the filing date
D : document cited in the application
L : document cited for other reasons

& : member of the same patent family, corresponding document
