(54) **A method and installation for packaging an adhesive product or similar product**

(57) The invention pertains to a method and an installation for packaging an adhesive product or similar products, the liquid adhesive product being sheathed in a protective sheath of a nonadhesive material. In addition,

the adhesive product is sheathed in the protective sheath by means of a coextrusion process (30), the extruded product thus formed of the adhesive product and the protective sheath then being subjected to a solidification process (60), at least for the protective sheath.
