(54) Gaming machine

(57) A gaming machine, a server, and a program, which can make a player enjoy a game are provided. In a game where a plurality of cards are dealt to the player, the player can be made to enjoy the game by a method of display of the dealing of cards using this gaming machine. The above-mentioned display method can also be controlled according to combinations formed of the plurality of cards. At least two cards are selected or extracted by the gaming machine.
