(54) **Modular air conditioner support assembly**

(57) The invention relates to the installation of air conditioners. More particularly, the invention provides a platform for the external support of an air conditioner unit of a split air conditioner. The invention provides a support assembly (10) for the compressor (12) of a split air con-

ditioner comprising a rigid adjustable-size frame (14) connectable to at least two structural components for supporting the frame from a rigid surface. The support assembly being storable and transportable in a compact manner as individual elements and being arranged for easy assembly at the point of use.

**ANNEX TO THE EUROPEAN SEARCH REPORT
ON EUROPEAN PATENT APPLICATION NO.**

EP 07 11 3957

This annex lists the patent family members relating to the patent documents cited in the above-mentioned European search report.
The members are as contained in the European Patent Office EDP file on
The European Patent Office is in no way liable for these particulars which are merely given for the purpose of information.
