(54) **Display provided with a convex mirror**

(57) The invention regards a display provided with a convex mirror, made of flexible cardboard or of any other material suitable for the purpose, of the type made up of a plane (2.1) arranged in a substantially vertical manner, kept in position by a support foot (3.1) positioned at the back. Such display is characterised in that it is made by means of a single element of flexible material.
