Remarks:

This application was filed on 30-03-2015 as a  
divisional application to the application mentioned  
under INID code 62.

(54) **INTERVERTEBRAL IMPLANT WITH INTEGRATED FIXATION**

(57) The application concerns a bone anchor (116),  
comprising:  
an interconnection portion (172) to slidingly engage a  
spacer (112);  
a fixation portion (184) spaced apart from the intercon-  
nection portion (172) to fix the anchor (116) to a bone; and  
a leg (196, 198) connecting the fixation portion (184) to  
the interconnection portion (172),  
whereby the leg (196) includes a cutting edge (197) on  
the leading end (168) capable of cutting through bone.
