(54) CARTON FOR FOOD PRODUCTS, BLANK AND METHOD OF FORMING A CARTON

(57) A carton for holding at least one food product includes a plurality of panels extending at least partially around an interior chamber of the inner container portion for holding at least one food product, the plurality of panels of the inner container portion including an inner front panel, an inner back panel, at least one inner side panel, and a bottom panel. The carton further includes an outer sleeve portion comprising a plurality of panels extending at least partially around the inner container portion, the plurality of panels of the outer sleeve portion includes an outer front panel, an outer back panel, and at least one outer side panel, the inner container portion is spaced apart from the outer sleeve portion to form a pocket between the inner container portion and the outer sleeve portion.

CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing claims for which payment was due.

10 Only part of the claims have been paid within the prescribed time limit. The present European search report has been drawn up for those claims for which no payment was due and for those claims for which claims fees have been paid, namely claim(s):

15 No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for those claims for which no payment was due.

20

LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

25

see sheet B

30

35 All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.

40 As all searchable claims could be searched without effort justifying an additional fee, the Search Division did not invite payment of any additional fee.

45 Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:

40

45

50 None of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:

55

55 The present supplementary European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims (Rule 164 (1) EPC).

5

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

10

1. claims: 1-7

Carton having an outer front panel spaced apart from an inner front panel

15

2. claims: 8-12

Carton wherein at least one panel of a plurality of panels of an outer sleeve portion is foldably connected to the bottom panel

20

3. claims: 13-25

Blank and method of forming a carton, said method comprising obtaining said blank

ANNEX TO THE EUROPEAN SEARCH REPORT
ON EUROPEAN PATENT APPLICATION NO.

EP 21 18 7393

5 This annex lists the patent family members relating to the patent documents cited in the above-mentioned European search report. The members are as contained in the European Patent Office EDP file on The European Patent Office is in no way liable for these particulars which are merely given for the purpose of information.
